# Built-in Bathtubs

The more common and practical choice in bathtubs, the built-in or 'drop-in' bathtub is preferred wherever space is at a premium. Because they are placed adjacent to a wall and tucked away, built-in bathtubs are space-economical and can also offer additional storage on the surrounding ledges or the walls next to them. Perfect for placing an aromatic candle or two while you soak in the bubble bath and unwind!
